

NOBODY KNOWS WHEN AN UNEXPECTED LIFE EVENT WILL HAPPEN.

GET PREPARED NOW!

Do you want the state of New Jersey deciding who will care for your children or deciding your future should you be too ill to decide for yourself.

Without the proper legal documents, the state will make decisions for you that will deeply impact you and your family including ordering them to post a bond that's costlier than the price of the documents you and your family need to have.

Does that make any sense to you?

Don't wait act now so...

- ✓ You can decide who will take care of your children, should something happen to you.
- ✓ You can decide what medical treatment you receive without a court battle.
- ✓ You will get to choose who will act for you, should you be disabled avoiding a long expensive court proceeding.
- ✓ You will get to give what you want, to who you want, when you want while paying as little as possible in court fees, estate taxes and probate fees.

Call 732-294-0880 today and for only \$995.00 you will receive:

- ✓ A personal professional consultation to determine your family's needs.
- ✓ Customized Wills to appoint a guardian for your children and control to whom and when your estate is disbursed.
- ✓ Powers of Attorney to avoid a costly hearing to appoint a conservator if you become disabled.
- ✓ Living Wills to prevent unwanted treatment should you become seriously ill.

Estate planning will truly help you and your family but it must be done while you are here and healthy.

There are no do-over's! But where there's a will there's a way!
